

YORKLEY WARM SPACE - VOLUNTEERS NEEDED – SUPPORT NEEDED

CAN YOU SPARE SOME TIME? Or HELP IN
OTHER WAYS?

With the approaching winter and the pressures that families are going to be under, the Trustees of the Community Centre in Yorkley and members of the local Parish Church of All Saints are working together to provide a warm space where people can come that is welcoming and provides some relief from the financial pressures of the current energy crisis.

For this to work we need a bank of volunteers who can be called upon to help make this a reality. We need people to welcome those coming and helping in the kitchen making tea and coffee or preparing soup and sandwich type lunches.

The more volunteers, the more
we can open.

We will hopefully start on Friday's from 9:00 am – 5pm - If the demand is there – and we have the enough volunteers to help - that could easily be extended to other days as well. The café area is often empty, even when the Hall is booked.

If you can't spare any time but could help with donations of tea and coffee, ingredients for warming soups, sandwiches etc these would be gratefully accepted along with cash for the purchase of the same.

We would also like donations of good quality board games, packs of playing cards, up to date magazines all to help entertain those making use of the facility.

This is only the beginning. If we, as a Community, can get this up and running the Trustees have other ideas for developing this basic idea into a wider support network.

Please get involved by texting or ringing the Centre's answerphone 01594 560190 and leave a message or emailing VolYorkley22@gmail.com in both cases leaving your name, contact details and how you can help.

Many thanks
