Sling to Coleford Safety Improvements

Dear Resident

What: Road closure for safety lining services.

Where: B4228, Sling to Coleford

When: 9th to 13th October 2023 from 19:00pm to 05:00am

On behalf of Gloucestershire County Council, we will shortly carry out highway safety improvements at the above location to improve the lining and signing. This is inline with the County's Road Safety Policy to reduce the number of collisions that result in serious or fatal injuries.

To ensure the safety of our crew and residents we will need to close the road. We will also be taking the opportunity to carry out minor maintenance works whilst the road is closed to prevent further disruption to residents at a later date.

Please note that we need dry weather conditions to paint the lines so dates could be subject to change.

Access

There will be **no access to through traffic**. Please expect delays and leave enough time for your journeys as you will be asked to take diversion. **Emergency Services access will remain.**

Vehicle diversion

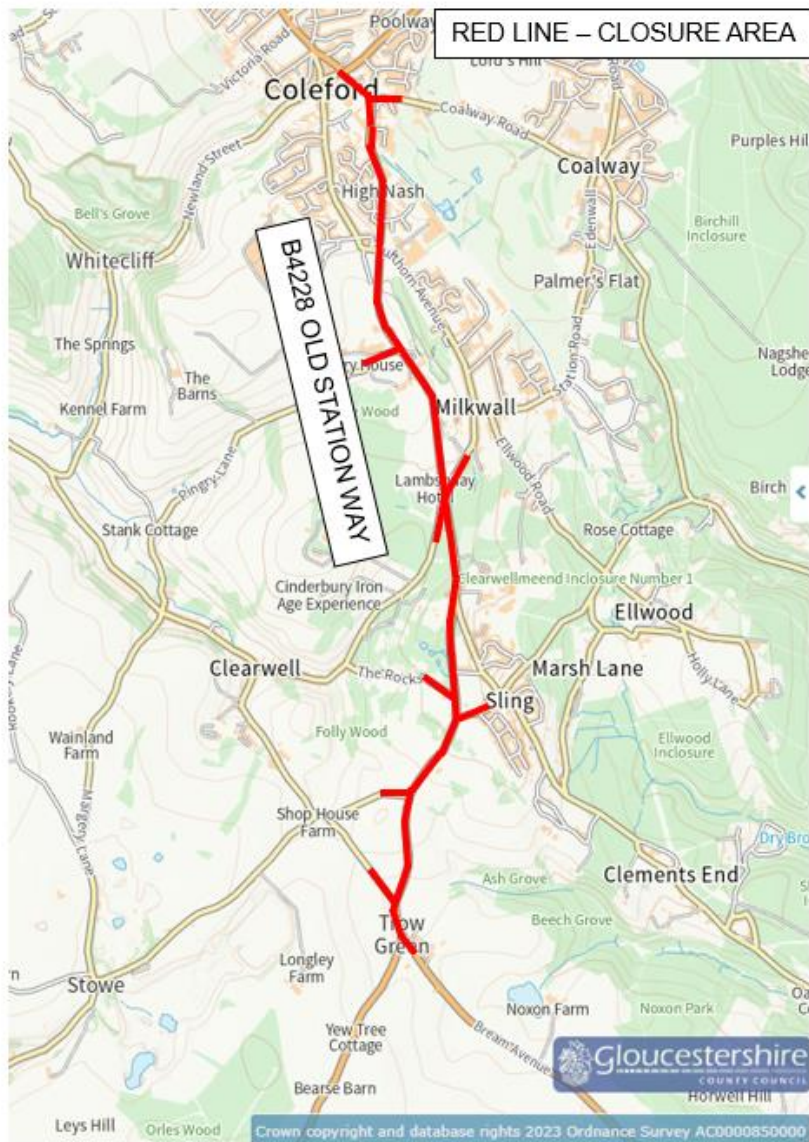

The official diversion route which will be signposted and suitable for all vehicles that would normally use the closed road.

When the works start, you will be able to speak directly with the construction team, who will keep you updated with progress on the works to minimise any disruption to you. We will keep our social media - Twitter @GlosRoads and Facebook GloucestershireRoads updated with any changes.

Thank you in advance for your patience and co-operation. If you have any queries, please email us at highways@gloucestershire.gov.uk.
